

the maple
counseling center

August 31, 2007

Dear Parent:

The Maple Counseling Center (TMCC) after school tutoring service provides one-on-one individualized attention for any student requiring help in the four elementary schools of Beverly Hills. The Center charges a fee of \$50 per month. You will be billed on a monthly basis prior to services. Credit will only be given when **TMCC** closes tutoring for the day. Payment is due within five days of receipt of billing, payable to **The Maple Counseling Center** or **TMCC**.

Since private tutors are charging anywhere from \$30 to \$65 per hour, we feel that this fee is reasonable. Scholarships are available on a limited basis. There is limited space available so please contact us at once. Please call for an application. The Center is committed to helping your children. We believe that children doing well in school have higher levels of confidence and self esteem.

We look forward to another successful year of tutoring.

Very truly yours,

Adrienne Weise, MA
Program Coordinator
